Rationale

Gain confidence as an educator working with students in primary, secondary or broader parish contexts. These practical skills can also be applied to working with colleagues and building their skills for engaging with Sacred Scripture.

Description

"...sacred tradition, therefore, and Sacred Scripture of both the Old and New Testaments are like a mirror in which the pilgrim Church on earth looks at God, from whom she has received everything, until she is brought finally to see Him as He is, face to face."

Dei Verbum #4

Facilitated by Learning Consultants from **Catholic Education Melbourne**, this program is designed to build the confidence of participants, whose role it is to explore the landscape of the Bible with young people. We will support you to experience, engage in and develop practical strategies to help the learners with whom you work, make meaning of life using Sacred Scripture.

Participants will be encouraged to strengthen skills and dispositions for engaging with Scripture through reading, critical thinking, dialogue, prayer, storytelling and the visual arts.

Workshops will be tailored to the specific needs and interests of the participants in primary, secondary and parish community contexts.

"I found the Engaging with Scripture PL an invaluable experience. A great opportunity to work with Scripture in a variety of modes, utilising a range of resources which provoked deep and new thinking."
